

BREAKS RECORD FOR 3-YR.-OLD GELDINGS

Toledo, Ohio, July 13.—A new world's record for three-year-old geldings was made today at the Fort Miami track. The gelding, named Ruffe Grenade, owned by the late John R. McLaughlin, broke the record by winning the 1 1/2 mile race in 2:06 1/4, cutting a quarter of a second off the record held by Direct the Work, made at Lexington two years ago.

King Warts, owned by George E. Dudley of Youngstown, Ohio, and driven by Len McDonald, won the Teumessah 2:13 trot \$5,000 stake.

Calgary Earl won the 2:07 pace in straight heats while Charlie Red captured the 2:07 trot.

Ruffe Grenade won the three-year-old gelding race in one, two, three order. This gelding is also owned by Dr. Dudley.

JONES ADDS TITLE OF WESTERN MEDALIST TO HIS LIST

Memphis, Tenn., July 13.—"Bobby" Jones, Atlanta youth, today added the title of western medalist to his list of triumphs by finishing the final 18 holes of the 36 hole qualification test in the tournament for the amateur championship of the Western Golf Association with an aggregate score of 133. This is said to be the lowest card ever recorded in a western association qualifying round.

F. Beckenkamp, of St. Louis, was runner up to Jones, with a score of 147. "Chick" Evans, of Chicago, who finished with a card of 150, was third.

Jones negotiated the 18 holes today in twenty-two minutes, over his record-breaking play of yesterday. Match play will begin tomorrow.

BOXERS HAVE BEEN SIGNED UP FOR THE COMING FIGHT

Promoter Hasted stated last evening that he had signed up Billie Meyers of Boston and Young Sailor Murphy of Stamford for the star bout on the Majestic roof, for the coming matches in the latter part of this month. These boys will battle for 12 rounds and will weigh in at 135 pounds.

In the semi-finals Tracy Ferguson of Wallingford will clash with Teddy Russell of Norwich for eight rounds at catch weights. Young Ferguson is one of Tommy Shea's coming boxers and is there when it comes to boxing.

The preliminary will be announced at a later date.

It was agreed also not to sign any suspended player or one who had failed to observe the reservation clause. It was stated, similar negotiations are pending with other industrial concerns in Pennsylvania.

JEWETT CITY TEAM DEFEATS STERLING BALL TEAM

The Sterling baseball team met defeat at the hands of the Jewett City team on Sunday. An easy victory for Sterling was turned into defeat when the players became overconfident and slowed up.

The Jewett City team played steady in every inning and gradually crept into the lead in the seventh inning and won out by a score of 8 to 3.

Sterling will play the last Baltic Rivals next Sunday. The Rivals managed by Mr. Collins, have won 15 consecutive games and it's up to Sterling to break the string. Several changes in the Sterling lineup will in all probability strengthen the team next Sunday.

The New Haven Knights of Columbus have sent word to the manager of the baseball club of the Norwich Knights that he will bring a team here next Sunday composed of all stars. He says he will pick the best talent in New Haven in order to give the local boys a beating. The local manager says talk

Long Term Bonds

We believe that the probability of much lower interest rates within the next few years makes long term bonds particularly attractive at present low prices.

To those who agree with our opinion we suggest our circular No. NB-558 covering good bonds of this character, yielding 7% to 8%.

How many miles did you march the summer Cleveland was nominated

REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it more than anyone else. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

FINANCIAL AND COMMERCIAL

MARKET WAS PROFESSIONAL.

New York, July 13.—In its salient features, trading on the stock exchange today was largely the repetition of the preceding session. The instability of prices indicated that last week's unexpected advance had not been thoroughly assimilated.

Dealings were smaller and correspondingly contracted, but the gyrations of several of the more speculative issues, which fluctuated within an area of 5 to 10 points, afforded further proof of the obviously professional character of the market.

High grade oils were about the only issues to show material gains at the irregular close, steel equipments, railroads, shipping motors and numerous miscellaneous specialties yielding variably in the general offerings of the last hour. Sales amounted to \$50,000 shares.

Financial, industrial and commercial advances, so far as they pertained to quoted values of securities, were again perfunctory or negative. Call money was freely available at 8 per cent, the rate ruling throughout the day, but additional withdrawals of local reserves by banks at crop centers, reduced the supply of time funds to a minimum.

Transportation conditions at nearby points improved to a limited extent, but the freight blockade, coupled with the fuel shortage offered only slight relief to manufacturers of steel and kindred products.

Another moderate reaction in British exchange was accompanied by reports that England had assumed the greater part of the Anglo-French loan, but the local agents of the British government were without advice on the subject.

Bonds were featured by the strength of Section 7 1/2 and the new Series government 8's, both making new high prices. Domestic bonds, including Liberty issues, were irregular. Total sales (par value) \$11,450,000.

Old U. S. bonds were unchanged on all.
